KENNU M. ELNAR

(+63) 945-387-0032 | elnarkennu16@gmail.com | Mercedes, Camarines Norte | github.com/elnarkennu16-440

EDUCATION

Bachelor of Science in Information Systems (BSIS) 2022 - 2026
Camarines Norte State College Daet, Camarines Norte, Philippines

Secondary Education (Senior High School) 2016 - 2022
San Roque National High School Mercedes, Camarines Norte, Philippines

EXPERIENCE

Freelance Software Developer | React, TypeScript, HTML5, CSS3, REST APIs July 2026 - Present
Self-Employed (Fiverr & uTest) Independent Contracting

- Translating client user stories and design specifications into modular React and TypeScript applications.
- Implementing modern layout architectures with responsive CSS, semantic HTML5, and strict WCAG AA contrast compliance.
- Conducting manual test passes across mobile, tablet, and desktop viewports to catch layout shifts and form submission errors.
- Integrating third-party APIs, managing client data flow, and configuring clean production deployments.

RGS Recovery Management and Collection Services Inc. Feb 2026 - May 2026
IT Support Intern | Hardware, Software, OS Setup, Network Troubleshooting Quezon City, Philippines

- Assisted in daily technical support for staff, handling hardware, software, and network connectivity troubleshooting.
- Performed routine workstation setups, operating system installations, system checks, and peripheral configurations.
- Maintained accurate IT asset logs, user support records, and organized departmental technical documentation.

PROJECTS

2024 - 2026

Web-Based Management Information System (MIS) | React (Vite), PHP, Laravel, MySQL, Tailwind CSS

- Co-developed a capstone web-based student MIS in a 5-member team featuring secure user portals and automated notifications.
- Contributed to full-stack web development, relational database integration, and responsive user interface design.
- Assisted in system functional testing, workflow documentation, and database schema structuring.

E-Commerce Platform "NobleClassics" | PHP, MySQL, HTML5, CSS3, JavaScript 2024

- Developed a full-stack online bookstore featuring user authentication, shopping cart, checkout system, and admin panel.
- Designed relational database tables and ensured cross-device user interface consistency.
- Implemented input validation and secure login session handling across admin and client portals.

TECHNICAL SKILLS

- **Frontend:** HTML5, CSS3, JavaScript, TypeScript, React (Vite), Vue.js, Next.js, Tailwind CSS
- **Backend & Security:** Node.js, Express.js, PHP, Laravel, JWT, GitGuardian, Dependabot, OWASP ZAP
- **Databases:** MySQL, PostgreSQL, Supabase, Firebase, MongoDB
- **Testing & Developer Tools:** Postman, Chrome DevTools, Asana, Jira, Git/GitHub, Vercel, Hostinger, Cloudflare, VS Code, npm, Vite
- **AI Tools & Mobile:** Gemini, Claude, Manus, Perplexity, Flutter, React Native
